* The bye-laws are grouped for convenience under the heads of the several subsections of Section 412, but it is not thereby meant that the sub-section is the sole authority for each bye-law. A bye-law is passed sometimes partly under the authority of one sub-section, partly of another, partly of the general provision at the end of the section. If any question therefore is raised as to whether any bye-law is authorised by the sub-section, under which it is placed, it must be understood that its validity must be tried under all the provisions of Section 412 before it is declared *ultra vires*.

DISTRICT ROAD FUND.

NOTIFICATION No. 387.

Dated the 22nd October 1889.

THE subjoined annual accounts and report of the Road Cess Committee of the district of Chittagong Hill Tracts for the year 1888-89 are published for general information.

W. CONNAN,

Offg. Under-Secy. to the Govt. of Bengal.

No. 38R., dated Rangamati, the 31st May 1889.

From—L. R. FORBES, Esq., Deputy Commissioner of Chittagong Hill Tracts,
To—The Commissioner of the Chittagong Division.

I HAVE the honour to submit herewith the report and accounts in duplicate of the Road Fund Department of this district for the year 1888-89.

Ruma and Rangamati road.—It was reported when submitting last year's accounts that owing to unforeseen circumstances satisfactory progress could not be obtained on this road. The road having been completed last year up to a distance of 18 miles from Ruma, this year the difficulties attending the provisioning of the coolies along such a length of road or from Puri Roaja's village were fully considered, and it was decided to commence this year from Rangamati, the work being started in the beginning of November 1888 with a coolie corps of 168 Sonthals for earthwork and about 100 hill coolies for jungle clearing. The work was progressing satisfactorily at the rate of seven miles trace cutting and four miles construction per month, when, at the end of December 1888, it had to be discontinued owing to the services of the supervisor in charge of the trace cutting having been urgently required on the military road from Demagiri to Lungleh and the Sonthal coolies for the improvement of the Rangamati-Burkal road.

2. *Peshkisurrah to Upper Godown road.*—This work had been taken in hand and a good deal of earthwork executed last year, but the bridging of the nullas and the cutting and removal of rock from certain places on the roadway had still to be done. The work was at first given in contract, the contractor being bound to complete it by the end of February last: but the expedition having increased the importance of this road, the Sonthals were sent up to complete it as speedily as possible. The work of constructing the stone causeways and clearing the roadway of rock was completed within the first week of March, after which these coolies were employed in widening and levelling the roadway with a view to a tramway, should Government consider it expedient to lay one down.

3. *Repairs.*—No other original works were executed during the year. The existing roads of the district were all maintained throughout the year by jungle clearing to a width of 8 feet, and by constructing and renewing temporary bridges. The only road on which repair work of a more extensive and important nature was done was the Rangamati-Peshkisurrah road, rendered necessary in order to facilitate the marching of the troops. From a mere track the line has been converted into an excellent road with easy gradients, except where the road crosses the Kaında, which could not be taken in hand for want of time and labour.
